Excellent communication
Friendly, positive attitude

PROFILE

Self-driven, motivated, and enthusiastic final-year BSc Information Technology student at North-West University with a solid foundation in programming, system analysis and design, databases, and decision support. Eager to transition into a professional IT role to apply and expand knowledge while tackling real-world challenges through coding. A strong desire for continuous skill improvement drives ambition to contribute effectively to an entry-level position or internship. Committed to growth within a dynamic and innovative team, ready to make meaningful contributions to development projects.

EDUCATION

Bachelor of Science in Information Technology
North-West University – Potchefstroom, South Africa
2023-2025
Relevant Courses:
Introduction to programming (Python, C++, C#, Java)
System Analysis and Design
Databases
Data Structures and Algorithm
Operating Systems
Decision Support
Computer Networks

PROJECTS AND EXPERIENCE

Personal Portfolio - designed and developed a personal portfolio website to showcase projects, technical skills, and experience using HTML, CSS, and JavaScript.
Web App – Developed a weather application that retrieves and displays real-time weather data using an external public API.
Operational Database – collaboratively implemented and designed an operational database for a hospital management system, supporting patient and staff management, appointment, billing, and advanced SQL queries.
